The review of the information required to be presented in the Form 10-Q for the quarterly period ended September 30, 2018 could not be completed and filed by November 14, 2018 without unreasonable effort and expense to the Registrant. Additional time is needed for the Registrant in order to permit the Registrant to complete its review and to present complete and accurate information in the Form 10-Q for the quarterly period ending September 30, 2018.

The Registrant anticipates that it will file its Form 10-Q for the quarterly period ended September 30, 2018 within the extension period provided by Securities Exchange Act Rule 12b-25.

**PART IV – OTHER INFORMATION**

(Name)	(area code)	(Telephone Number)

(2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If the answer is no, identify report(s).

Yes  No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes  No

If so: attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Registrant’s preliminary and unaudited results of operations for the third quarter ended September 30, 2018 were as follows:

Net loss before income taxes and earnings from joint ventures for the three months ended September 30, 2018 was approximately \$5.1 million, compared to a net loss from continuing operations for the three months ended September 30, 2017 of approximately \$3.1 million, representing an increase in net loss of approximately \$2.0 million. The increase in net loss is due primarily to the \$1.3 million decrease in gross profit from continuing operations, offset by a \$0.8 increase in gain on revaluation of warrant liability, and a \$0.6 million decrease in interest expense. These were offset by: (i) an increase of \$1.1 million in general and administrative costs from continuing operations, and (ii) a \$1.5 million increase in sales and marketing expense from continuing operations.

The increase in general and administrative expenses was primarily due to the increases in compensation expense for the Registrant’s executive and non-executive team, including the expansion of non-executive headcount hires as the Registrant continues to reinvest in its business. The increase in the sales and marketing expense is due primarily to the expansion of the Registrant’s direct sales force and customer management personnel as the Registrant continues building its sales and sales support teams.

The financial results and other financial data presented above are preliminary, based upon the Registrant’s estimates and subject to completion of the review and issuance of its financial statements as of and for the quarterly period ended September 30, 2018. Moreover, the financial statements and other financial data have been prepared on the basis of currently available information. The Registrant’s final financial results and other financial data could differ materially from the information contained herein, and will be contained in the Registrant’s Form 10-Q for the period ended September 30, 2018.
